## GLP IMPRESSION X5 IP BAR

The GLP impression X5 IP Bar is an IP65 rated, linear LED batten with 18 powerful 40W RGBL LED's, a wide zoom range, and the new GLP iQ.Gamut color calibration algorithm that creates perfect white spectrums with excellent color rendering.

The new squared lens design ensures maximum lumen efficiency and gives an unprecedented curtain of light at its narrowest angle of just 5°, and delivering smooth and homogenous washes all the way out to its widest 60° wash.

As a part of the new GLP X5 family it offers a wide feature package, including selectable calibrated white points, a tungsten simulation channel, magenta / green correction, virtual color wheel and variable CTC, along with twin layer effects with plenty of dynamic pattern macros.

The impression X5 IP Bar offers our patented fast tilt movement in combination seamless pixel pitch across fixtures, and features wired and wireless control as standard.

The impression X5 IP Bar's enclosure is just as suitable for indoor use on the stage to protect against confetti, fog, pyro and dust.

# -G[-P-

## **Key Facts**

- O fully weatherproof IP 65 housing with same pixel pitch between multiple fixtures
- O super fast zoom for punchy 5° narrow curtain to 60° homogen wide wash
- O highly efficient with up to 8,780 lm Output and high Color Rendering with CRI 90
- O innovative GLP iQ.Mesh and iQ.Gamut technology

## Technical Data (2/2)

#### THERMAL SPECIFICATIONS

Cooling Type	combined convection and forced air
Thermal Protection	Automatic overtemperature protection
Temperature range (operating)	5 °C / 40 °F to 45 °C / 115 °F
Total heat dissipation (calculated, +/- 10 %)	2,600 BTU/h

#### INSTALLATION

Mounting	Four pairs of 1/4-turn locks for two rigging/installation bra- ckets, 2x safety cable attach- ment point
Orientation	Any
Location	indoor permanently outdoor temporary

#### CONSTRUCTION

Housing Color	Black
Housing Material	High-impact flame-resistant thermoplastic, Aluminium, Steel Metal Plates
Protection Rating	IP65
Construction Features	Tilt-Lock-System, Alignment System, Handgaps for carrying, Threads for external accessory

#### **DIMENSIONS & WEIGHT**

Height (head straight up)	311 mm / 12.24 in
Height (head vertical)	263 mm / 10.4 in
Width (across yoke)	1,000 mm / 39.4 in
Depth (head straight up)	141 mm / 5.55 in
min. center-to-center	1,000 mm / 39.4 in
distance	
Weight (netto)	26 kg / 57.3 lbs
